

# **Pfenninger awarded Primary Care Skin Cancer Medicine certificate**

**By the Midland Daily News | Posted: Thursday, August 22, 2013 1:00 pm**

John L. Pfenninger, M.D., president and medical director of The Medical Procedure Center, P.C., has successively completed academic requirements and was awarded a “Certificate in Primary Care Skin Cancer Medicine” from the University of Queensland Medical School, Australia.

Pfenninger completed preconference on-line studies, attended a hands-on conference and then completed an extensive on-line exam to obtain the sought-after certification. The course reviewed and updated all aspects of skin cancer including precancerous changes, basal cell carcinoma, squamous cell carcinoma, and melanoma. Available methods of treatment were updated with special emphasis on surgical approaches. Pfenninger’s practice is limited to office surgery and procedures and is located at 4800 N. Saginaw Road in Midland. The website is [www.mpcenter.net](http://www.mpcenter.net)
